**Superintendent's Report
March 2019**

**District
Enrollment 78 students**

As of March 6, 2019, Gorman School has 78 students enrolled.

Charter Schools:

Alongside representatives from the California Charter Schools Association, California Teachers Association, California School Employees Association, California Federation of Teachers, California School Boards Association, Association of California School Administrators and SEIU California, Governor Gavin Newsom signed Senate Bill 126 on March 5, 2019, historic legislation requiring all schools that receive taxpayer funding to follow the same standards for accountability and transparency.

SB 126 requires charter schools and charter management organizations to adhere to public records and open meeting laws such as the Brown or Bagley Keene Acts, Public Records Act, Conflict of Interest Provisions and the Political Reform Act, just as public school districts do. It will take effect January 1, 2020. Gorman Learning Charter Network is in compliance with Senate Bill 126.

SB 126, Leyva. Charter schools.

(1) The Ralph M. Brown Act requires that all meetings of the legislative body, as defined, of a local agency be open and public and all persons be permitted to attend unless a closed session is authorized. The Bagley-Keene Open Meeting Act requires, with specified exceptions, that all meetings of a state body be open and public and all persons be permitted to attend.

This bill would expressly state that charter schools and entities managing charter schools are subject to the Ralph M. Brown Act, unless the charter school is operated by an entity governed by the Bagley-Keene Open Meeting Act, in which case the charter school would be subject to the Bagley-Keene Open Meeting Act, except as specified.

This bill would require specified charter schools or entities managing charter schools to hold meetings in specified locations. The bill would prohibit a meeting of the governing body of a charter school to discuss items related to the operation of the charter school from including the discussion of any item regarding an activity of the governing body that is unrelated to the operation of the charter school.

(2) The California Public Records Act requires state and local agencies to make their records available for public inspection and to make copies available upon request and payment of a fee unless the records are exempt from disclosure.

This bill would expressly state that charter schools and entities managing charter schools are subject to the California Public Records Act, except as specified.

(3) Existing law prohibits certain public officials, including, but not limited to, state, county, or district officers or employees, from being financially interested in any contract made by them in their official capacity or by anybody or board of which they are members, except as provided.

This bill would expressly state that charter schools and entities managing charter schools are subject to these provisions, except that the bill would provide that an employee of a charter school is not disqualified from serving as a member of the governing body of the charter school because of that employment status. The bill would require a member of the governing body of a charter school who is also an employee of the charter school to abstain from voting on, or influencing or attempting to influence another member of that body regarding, any matter uniquely affecting that member's own employment.

(4) The Political Reform Act of 1974 requires every state agency and local governmental agency to adopt a conflict-of-interest code, formulated at the most decentralized level possible, that requires designated employees of the agency to file statements of economic interest disclosing any investments, business positions, interests in real property, or sources of income that may foreseeably be affected materially by any governmental decision made or participated in by the designated employee by virtue of that employee's position.

Human Resources

At this time Gorman is scheduled for March 15, 2019 to interview for the vacant position of Instructional Classroom Aide. The interviews will be conducted on site in the Superintendent's Office.

Curriculum and Instruction

- **Preparation for the Spring 2019 Smarter Balanced Test**
The teachers and I have been preparing for the Spring 2019 Smarter Balanced State Test in English-Language Arts and Mathematics. Teachers have been administering the Smarter Balanced Practice Tests with students. The purpose of the practice test is to provide students with an opportunity to quickly become familiar with the software and interface features of the Smarter Balanced tests.
- Parent/Teacher Conferences were held during the afternoons of March 6th and March 7th. Teachers met with parents of students who are in jeopardy of being retained and who are struggling with their core studies.

Professional Development

Teachers will continue to discuss and plan to increase use of 21st Century teaching and learning strategies, increase classroom rigor, and align instruction to Common Core State Standards with awareness of the shifts in ELA and Mathematics practices. Teachers will enhance instruction to include structured student conversations and collaboration.

- **PBIS (Positive Behavior and Intervention & Support) Training is scheduled for Saturday March 16, 2019. Gorman had training on PBIS in May of 2016 and this training is revisiting goals and training the new staff members.**

PBIS training and professional development has been developed to assist schools in their efforts to improve school climate and positive behavior support for all students. The underlying theme is teaching behavior expectations in the same manner as any core curriculum subject. The school will focus on three to five behavioral expectations that are positively stated and easy to remember. In other words, rather than telling students what not to do, the school will focus on the preferred behaviors. Here are some examples that might be used:

**Respect Yourself, Respect Others, and Respect Property
Be Safe, Be Responsible, Be Respectful
Respect Relationships and Respect Responsibilities**

After Gorman determines the 3-5 behavioral expectations that suit the needs of our school, we will take this information back to the entire staff to ensure the staff are all aware of chosen expectations. Consistency from class to class and adult to adult is very important for successful implementation of PBIS. Next the school will revise the matrix of what the behavioral expectations look like, sound like, and feel like in all the non-classroom areas. During the evaluation process, staff will collect information for decision making on fidelity, impact, replication, sustainability, and improvement.

Facilities

Repairs to the School

On Monday February 25th, I met with the Facility Hardship Team to discuss the facility concerns that Gorman is trying to resolve. Facility Hardship applications receive priority in processing because of their health and safety mitigation nature. Please be aware that with Facility Hardship applications for rehabilitation work the state will provide 60 percent of the total eligible project cost while the District would be responsible for providing the other 40 percent. If the facilities qualify for replacement the State will provide 50 percent of the grant amount and the District is responsible for providing the other 50 percent. However, if eligible the district may qualify for financial hardship and up to 100 percent funding. Gorman may be qualify for 100% funding. I will be working a consultant firm making sure the proper application is completed. I will have more information on consultants for the next Board Meeting.

There is a discussion item on the Gorman's Board Meeting Agenda to discuss the Gorman's water concerns in a public forum. Having problems with our drinking water and irrigation well on Gorman's property, it was time to replace the water pump. Repairs to the well were completed March 6, 2019. Signs of trouble with the water pump included sediment in our water, low water pressure, water that sputters and spits out of the faucet, increasing electric bills, funky noises in the pipe or from the pump, and other water access problems. Santana was successful with connecting Gorman Elementary School to the Golden Valley Municipal Water District on March 1, 2019. I recommend that we stay on the system until we get Los Angeles County Office of Education to approve an Emergency Resolution Request for a new water line connecting the Golden Valley Municipal Water company to Gorman Elementary School. I had to replace the

seal on the booster pump and the valve that the Fire Department hooks up to at the tank. This seems to be the solution using well water for irrigation at the school.

I am in the process of applying for an Emergency Resolution Request with Los Angeles County Office of Education. I am also working with the Office of Public School Construction (OPSC) to apply for the Facility Hardship Grant program to fund several projects that are needed at Gorman. To be eligible for a facility hardship grant the school district must demonstrate that one of these two conditions exists:

- Facilities must be replaced due to an imminent health and safety threat
- Existing facilities have been lost to fire, flood, earthquake or another disaster circumstance.

If the school district is to qualify for a facility hardship grant under one of these two conditions, the district-wide enrollment must justify a continuing need for these facilities, pursuant to the School Facility Program (SEP). In this case, Gorman's existing facilities must be repaired or replaced to ensure the health and safety of the pupils. According to OPSC we are eligible for the Hardship Grant but must complete the application and documents needed from the State.

Repairs to the School

Well History

- **Issues with Gorman's well: Spring of 2016**
The water levels in aquifers is not often a constant. Groundwater levels are dependent on recharge from infiltration of precipitation so when a drought hits the land surface it can impact the water levels below ground. Likewise, many aquifers, especially those which don't have abundant recharge, are affected by the amount of water being pumped out of local wells. Gorman has at these two issues with our water system. California drought has caused severe water shortage and Gorman is now seeing some of the results. The water level in Gorman's groundwater well is fluctuating naturally during this time of the year. The well is not recharging/replenishing. Groundwater recharge is limited during late spring and summer because trees, grass, and other plants use the available water to grow. Usually ground recharge persists through the spring, summer and fall until cold temperatures produce snowfall and replenish the water supply. Gorman's well is at a depth of 130 feet. The pump motor was at the depth of 100 feet. At this level the water fluctuation was going between 20 feet to 110. DCR Pumping added 20 feet to the length of the well pipe to lower the pump motor to 120 feet. DCR Pumping replaced the 25 gallon per minute pump with a 16 gallon per minute pump allowing the water to recharge/replenish. If the water level continues to drop below the water pump it will burn the pump up. Gorman will replace the 25 gallon per minute pump with a 16 gallon per minute pump. Gorman has also turned off the water at this time to all irrigation systems. We will monitor the water level allowing some water to be scheduled for the trees, grass and plants.
- **Main water line from the Golden Valley Municipal Water Company:**
Gorman's main water line from the Golden Valley Municipal Water Company is not functional at times and needs to be replaced. The main line is an old galvanized pipe that is not allowing water to move through it. The pressure to the main line from Golden Valley Municipal Water Company is at 90 gallons per minute. When Gorman turns on the water faucet it is a drizzle. We can't flush any toilets and the students have no water

to drink. It is recommended at this time to replace the existing line. I have received estimates for replacing the line.

- **Continued issues with Gorman's well:**

During the month of September 2018 the water level in Gorman's groundwater continued to fluctuate with low water pressure. I continued to monitor the water level, and adjusting the water schedule for the trees, grass and plants. Water pressure to the buildings continued to be an issue at certain times of the day. Victor Mosso, from Santana Plumbing, had a company from Bakersfield come out to fix the well situation. I had them video the well to determine some issues with it. The video shows iron or rust, slime and clay deposits have clogged up the main casing of the well. The buildup in the casing is about 3/4 inch inside the pipe. We are going to get an estimate in having the well cleaned with a special solution designed to remove iron, bacteria, slime, clay and scale restoring the well to a better condition. So far we have one quote of \$14,000. If cleaning the casing doesn't work, a new well is then required. Hopefully this short term solution will work until we can have the well replaced. We did not have the casing clean because of the damage it may cause forcing a new well to be completed.

During the month of October 2018, the water level in Gorman's groundwater continued to fluctuate with low water pressure. We have continued to monitor the water level, and adjusted the water schedule. Water pressure to the buildings continued to be an issue at certain times of the day. It was a recommendation to contact JJ's Pumping services and get an estimate for a new well. JJ's Pumping was not able to replace the well. JJ's Pumping recommended that Gorman gets an estimate for a new well from Drill Hog Well Drilling and Pump Services. Their estimate came at \$96,000.00. I also got an estimate for Frank Springer with the Golden Valley Municipal Water District for a replacement line to connect Golden Valley to Gorman Elementary School and his estimate was \$62,000.

Kitchen Drainage Line-History

- Gorman has a leaky drain pipe underneath its foundation from the kitchen to where it connects to the sewer line. Repairing the damaged line is not that hard, however locating and gaining access to it is a different matter. Santana has located the general area of the leak, and they will have to cut and chisel their way through the concrete to repair and replace the pipes.

A building with a slab foundation has a slab that is made of concrete that's poured over leveled ground and then smoothed flat and cured. It serves as the foundation for the structure to be built on it. The concrete slab covers the drain pipes located under the slab. When a drain pipe breaks under a slab, the pipe must be located and repaired; otherwise the ensuing leak could cause damage that makes the building unsound.

In older buildings, as here at Gorman, drainage pipes can degenerate and rust over time. Cast iron and galvanized steel pipe are especially susceptible to decay. Santana has determined that the overall integrity of the drainage pipe from the kitchen sink to the connection at the sewer line is decayed and thin, it is necessary at this time to replace complete sections of the pipe, in which case they have to remove more cement slab. Part of the aging process of pipes includes corrosion, calcification, and scale build up. Many times high pressure water jetting or snaking (roto rooter) the pipe will provide some temporary relief from drainage clogs and stoppages. This is a short-term solution that will buy time till the pipe ultimately fails. Santana's Plumbing has determined that

the age, corrosion, and calcification of the pipe has built up and snaking (roto roter) it would result in cracking or breaking of the drainage line. The corrosion and scale are indications of how much of the interior thickness of the pipe is worn away. De-scaling or snaking (roto roter) the pipe literally makes the pipe thinner and will expose holes, cracks and separations that lead to total pipe failure and collapse.

Roof Repairs

- Major repairs need to be made to the leaky roof over the main office and hallway. I am getting an estimate from GIL's Roofing. The section of the roof we determined two years ago and now, is in need of replacement. Jean indicated that we can cover the cost in the 2017-18 Budget. The cost of the project will be \$39,571.

Numerous other repairs that are needed at Gorman School

- Repair broken sprinklers and water lines.
- Plumbing in the adult restrooms.
- Classroom ramps are in need of repair.
- Replacement of the blacktops area throughout the school.

Budget

- I would like to thank Jean Cummings for her continuous work and effort making the Gorman School District financially solvent for the 2018-2019 School Year. Due to both the declining enrollment of the district and the split of the Gorman Learning Charter Network which has reduce the charter oversight revenues, the district continues make changes to reduce the deficit spending. The administration continues to work together to reduce costs while taking on several projects at this time. I would like to thank Jean for her effort to implement the BEST Project for Gorman Joint School District.

Gorman continues to have large facility projects that need to be completed. Now they are becoming health and safety concerns for the district. Currently, the most important facility project that must be completed is the replacement of the water line from Golden Valley Municipal Water District to Gorman Joint School District so students have reliable drinking water source. Second is the replacement of the roof in the main building hallway. It continues to leak and may become a structural concern in the near future. Also, the plumbing replacement of the old galvanized pipes throughout the school and connections to the sewer system will become a major health and safety concern if they are now replaced over the summer. The administration is working with the State to resolve these concerns at this time by applying for State Hardship Grants.

Events

1. During the month of March, students will be participating in the Pennies for Patients campaign with the Leukemia and Lymphoma Society. We had a kickoff assembly on March 4th beginning our coin drive continuing until March 22th. Students are encouraged to drop their spare change in a collection box located in their classroom. This fantastic service-learning project will promote caring, citizenship, and team work amongst our students. We're looking forward again to helping a great organization that helps so many kids.

2. Gorman Elementary School students celebrated Dr. Seuss's birthday on Friday, March 1st and kicked off "Read Across America Day" for the fourth annual event. This event is the nation's largest reading celebration with more than 45 million participating around the country to highlight the importance of developing a love for reading in school. Students enjoyed the guest readers and the stories they presented. We would like to thank all the community volunteers who came and read on Friday.

SUBJECT: MONTHLY BOARD REPORT

BOARD REPORT NO. 3-4-2019

I. BACKGROUND

Each month, the Board receives a report from the Executive Director of the Gorman Learning Center in order for the Board to be informed relative to LEA operations. This correspondence serves as the initial report to the Board from the Executive Director.

II. January 2019 REPORT

On Thursday January 17th, 2019 the Gorman Learning Center Board of Directors convened for a regular board meeting at the Santa Clarita Resource Center. Also, on Thursday January 31, 2019 the Gorman Learning Center Board of Directors convened for a special session and a regular board meeting. The month's activities include the following:

Denice Burchett's Report:

- I had a discussion with the board regarding the need to be able to hire credentialed staff earlier in the year. Past practices have kept us from hiring until the budget was approved in June. What we found is that credentialed staff have usually signed contracts before June and could not take a job from us even if they wanted to.
- It is also important to be able to hire our special education staff earlier in the year. There is a great need across the state for SPED staff especially RSP's. We found

ourselves not being able to hire the SPED providers needed and had to resort to using outside vendors. These are not as good as when we hire our own people. The board has agreed to let us hire early based on projections while working this out with our CBO.

- I was asked by the board to respond to the 12 findings that came out of the organizational review. I took an un-biased approach and made sure I was open to things in the report that were accurate and where we could make changes to improve our program. Please let me know if you would like to see my response.
- For the special session, the board members and I took part in a governance training. The training was very good and I am pleased that this board wants to learn how to govern well.
- We are having discussions between the board and my administrative staff regarding our resource centers. The topics are regarding our ideas to restructure the educational content that is being delivered at the resource centers into more Common Core aligned classes and activities.

CBO-Truth Ncube

- Truth gave an update on attending the Governor's Workshop.

Please let me now if you would like a more detailed report of even an in person report from time to time.

Thank you very much
Denice Burchett

9. REPORT & COMMUNICATION TO THE BOARD OF DIRECTORS

a. **Executive Director – Denice Burchett**

Denice Burchett said, last week the Regional Directors and she, met with Joe Andrews at Gorman Elementary. Denice said the group left with many ideas and is grateful Joe Andrews shared his years of experience and wisdom.

Denice said she held an all Directors meeting on the preceding Monday. Denice said some of the items the team will be working to resolve are: on-call duties for weekends, student achievement, email etiquette, phone calls, clear policies and procedures, organization review, budget process, connecting the LCAP with the Budget and WASC report, and teaching parents to teach.

Denice said after the winter break, the school returned to 63 interest forms just in the San Bernardino area. Denice said 37 are enrolling for sure on January 28th, 14 are still sending in documents, and 20 are interested but still deciding. Denice said 2 are on the list for next school year.

b. **Chief Business Officer – Truth Z. Ncube**

Truth Ncube said he and a team attended the Governor's Budget Workshop the day before. Truth said the Governor is optimistic about the federal and state budgets for this year and more will be known specifically in May.

10. INFORMATION/DISCUSSION/ACTION AGENDA

a. **Review, Discussion and Approval of Possible Bid(s) for Board Governance Training and Coaching – Jana Perea**

Jana Perea presented four bids to the board for Governance Training. One company offered mainly online training, another was through the small school districts association and offered mostly observation and a workshop, and the remaining two

companies offered similar packages with one four hour training and multiple smaller trainings that are personalized.

After much discussion, it was decided 4 of the board members desired a more personalized training experience and 2 were interested in the online training. Joe Andrews reminded the Board that training should be an annual thing, not just a one-time deal and thoughts towards continued training should be considered either now or in the near future.

Motion to approve the contract with Evergreen Associates for Board Governance training.

c. Review, Discussion and Approval of Hiring Earlier in the Calendar Year – Denice Burchett and Team

Denice Burchett and team presented a case to the board for hiring earlier in the year to receive both a larger number of applicants and more experienced.

The Board agreed that hiring earlier is necessary. The Board said hiring needs to be compliant with procedures: i.e. does not add any new positions without board approval and does not expand the budget without board approval. The Board would like for Administration to work with Fiscal, Human Resources, and the departments in need to create a plan that is both compliant and meets the needs of the organization. A hiring policy was also suggested.

Motion to approve the hiring earlier in the calendar year.

**f. Review, and Discussion of Response from Administration in regards to the 12 Findings
presented by Evergreen Associates – Denice Burchett and Administration Team**

Denice Burchett said she went through the findings very closely and set down to review them with an open mind. Denice said it was important to her to not have a defensive mindset upon reviewing the findings from Evergreen Associates. Denice said she first reviewed the findings by herself and then brought in the administrative team to assist her in responding. Denice included in the Board Packet a written response to the findings: complete with appendices.

Denice addressed each of the 12 findings in turn. Denice said there were definitely areas for improvement including: 1) reviewing the organizational chart and re-assessing where departments fit best, 2) building in-service days into the school calendar to allow for communities of learning, 3) all employee day at the annual Professional Development Days (PDD) in August, 4) returning to monthly meetings instead of the mini PDD's, 5) there was an issue with the SEIS system not syncing with the SIS system for student information in regards to CALPADS reporting and this error has been remedied from the findings, 6) discussing how to establish equitability amongst all students (possible idea of establishing one fund and student "pay" to attend the resource center), and 7) the Grievance Policy is under revision per Board guidance.

Denice clarified factual areas including: 1) Gorman's curriculum team has worked hard to

create box sets and bundles that are common core, next gen, standards based, and the preferred curriculum choice for families. 2) the new planning forms for PLTs were designed to create a way for teachers to digest a lot of information pertaining to their students so they can work to fill in the gaps in student achievement, create data driven instruction, and help PLTs figure out needs on an abbreviated timeline, 3) the hiring process was explained in detail with emphasis on the panel formation and rating scale used for hiring, and 4) the legal team at Young, Minney, and Corr have clarified that Denice, per their suggested language which was included in the Board Bylaws, is not a voting member of the Board but an Officer of the Board and the two positions are different.

The Board said they would like to see timelines on completion for on-going projects. The Board said they also have a lot to continue discussing and thanked Denice.

Public Comment Reopened At 7:11 PM

None

Public Comment Closed At 7:13 PM

Jana Perea said this is just a conversation that is being opened up. Jana said there is no intent to make large decisions at this meeting.

The Directors of Regional Services, Tisha Clark, Tricia Schroeder, and Olivia Duran, presented the answers to questions the Board had previously submitted to Administration. The conversation consisted of topics such as: 1) The number of students at each resource center on a daily basis and the hourly breakdown, 2) the occupancy rating for each resource center, 3) the "cost" per student for each resource center to operate, 4) are resource centers helping to improve test scores, 5) the number of students taking the State test(s) and outcomes, 6) the number of resource center enrichment courses with less than 10 students/ with less than 5 students, and 7) ideas from Administration, PLTs, and Staff on what they would like to see resource centers doing and what type of help could be offered from resource centers.

The Board would like to discuss testing more when Tamara Campbell returns for her report in February. Specifically, the Board requested numbers on network wide, who is not testing for the State test. The Board requested Truth Ncube supply them with a number for the "rental" of the upstairs portion of the current building.

Three goals the Board would like to discuss are: 1) is the way the resource centers are funded, equal, 2) a plan to utilize the resource centers to improve test scores, and 3) how to utilize all space in the most efficient and effective way.

The Directors of Regional Services see the vision of resource centers as: a way to fill up the "holes" in a students education. The resource centers should be a place where students attend because the PLT and parents have identified a need and the resource center can meet that need.

The Board designated a Task Force to come up with creative solutions for the Redlands Resource Center and any activities linked to that pursuit. The Task Force is comprised of Yvette Barringer, Joshua Stegner, and Thomas Stonecipher.

MESSAGE FROM THE PRINCIPAL

Engaging all of Gorman Joint School District stakeholders to develop a vision for *Personalized Learning for All Students* has been our main goal for several years. As we work on our sixth Local Control and Accountability Plan (LCAP), we want all of our stakeholders to be actively participating in the process. The LCAP Forum is a process school sites and districts use to collaborate with parent and community members in regards to the school goals. Further, it is an opportunity for all stakeholders to provide direct impact and recommendations concerning the programs, budget, and functions of the school. Gorman Elementary School is hosting their LCAP Community Events on Wednesday, February 20, 2019 and March 13, 2019, in the Multi-Purpose Room from 4:00 pm - 5:00 pm. A Spanish LCAP Community meeting will follow at 5:00pm. Please join our Administrative team and teachers for refreshments and conversations that will contribute to the direction we wish Gorman to take.

During March 2019, your child will be asked to take a survey at school. The California Department of Education requires schools and districts to ask students about alcohol, tobacco, and other drug issues, as well as questions about school safety and the learning environment. Participation in the survey is voluntary on the part of the student, and we hope you will give permission so that your child's opinion and knowledge can be part of the information gleaned from the survey. The survey is anonymous. No names or any other identifying information is connected to the answers except for the name of the school.

WINTER WEATHER/SNOW DAYS

This winter the possibility exists for storms that would require the Superintendent to order a delayed opening of school or an emergency early closing. We encourage you to listen for our AERIES Emergency Notification System announcements for information about delays and emergency early closings. The school will call the main number on the emergency card. Please make sure the school has your correct/current phone number so that we can contact you.

Please listen to the message before you call the school.

COOLER WEATHER

It is time to bring out the jackets! Cold weather is here, please make sure your student has appropriate clothing. Please make sure your child wears a warm coat, hat, gloves or mittens, and boots to protect him/her from the cold weather. We encourage students to carry an extra pair of pants and socks in their backpacks at this time of the year. **Please look in the Lost and Found for items that may belong to your child.**

IMPORTANT!

Breakfast is not served on days when there is a 2 hour delay. Please make sure your students eat at home before they get on the bus!

MESSAGE FROM THE PRINCIPAL

During March, students will be participating in the Pennies for Patients campaign with the Leukemia and Lymphoma Society. We started the kickoff assembly to our coin drive on March 4th. We will be collecting coins until March 22nd. Students are encouraged to put their spare change in a collection box located in their classroom. This fantastic service-learning project will promote caring, citizenship, and team work amongst our students. We're looking forward to helping a great organization that helps so many kids.

CAASPP (California Assessment of Student Performance and Progress) Testing will begin once we return from Spring Break. During this time, to ensure your child has a successful testing experience, please make sure your child receives adequate sleep each night and they eat a healthy breakfast each morning. Please avoid absences and appointments during the testing window. Thank you for your support in making this a successful time for our students!

Thank you to all the students who make an effort to arrive on time and be in school every day! Thank you to all of the parents who see that they do! Attendance does matter! In accordance with our attendance policy you may have received a letter indicating your child needs to improve their attendance. Our goal is to change patterns of poor attendance because attendance does affect your child's achievement. Please continue to help your child arrive on time and attend school every day.

With Spring Break on the horizon, I'd like to take this opportunity to wish you a safe and happy vacation. My wish is that everyone in our community is able to take advantage of this time to refresh and rejuvenate after working so hard over the past few months!

BOARD OF TRUSTEES

MINUTES OF THE REGULAR MEETING

January 22, 2019

The President of the Board, Steve Sonder, called the Regular Meeting of the Gorman Joint School District Board of Trustees to order at 3:00 P.M.

The Flag salute was held.

Members Present: Steve Sonder, President
Patricia Edwards, Clerk

Members Absent: Julie Ralphs, Member

Also Present: Johannis Andrews, Superintendent/Principal
Lise Wastafarro, Accounting/Data Processing Technician

Others Absent: Jean Cummings, Business Manager/Consultant

Others Present: School Secretary, Denise Saenz

6249 The Board approved the Agenda as presented for January 22, 2019.

Motion made by Patricia Edwards, Seconded by Steve Sonder Vote: yes 2/no 0

6250 Adjourn to Closed Session at 3:00 P.M. to discuss personnel, employer/employee relations. (Govt. Code 54957, 54957.6):

1. Personnel (Govt. Code 54957)
2. Employer/Employee Relations (Govt. Code 54957.7)
3. Public Employee Discipline/Dismissal/Release

Motion made by Patricia Edwards, Seconded by Steve Sonder Vote: yes 2/no 0

6251 Reconvened to Regular Session at 3:28 P.M.

Motion made by Patricia Edwards, Seconded by Steve Sonder Vote: yes 2/no 0

No action taken in closed session.

President, Steve Sonder, asked for any comments from the Board.

President Sonder donated a jar of pennies for Pennies for Patients and said that he would like each class to guess the number of pennies in the jar. He stated that he would pay for an ice cream party for the class that guessed the closest number of pennies.

President Sonder said that he was pleased that there were no findings on the audit and thanked Mr. Andrews, Jean Cummings and Lise Wastaferro for the good job they did.

President, Steve Sonder, asked for any comments from the staff.

Superintendent Andrews asked the board if they had any comments on the Kaiser and the Dental renewal information. He stated that the Kaiser did go up this year but the Dental stayed the same and it will be on the next agenda for approval.

President Sonder stated that the board has no problem in renewing, if possible, because this is what we can do for the staff since our wages are not high as some other districts.

President Sonder asked if Mr. Andrews has any other health quotes the board would be willing to take a look at that information.

Superintendent Andrews said it is important and in the best interest of the staff to renew as long as Jean Cummings has the money.

Superintendent Andrews said that there is a family trying to transfer to Gorman School from El Tejon and he would speak to the superintendent about letting them transfer here.

President Sonder said we would like them to come to Gorman School.

President, Steve Sonder, asked for any comments from the public.

GORMAN, CA 93243

Dear Johannis:

On March 1, 2019, your current group coverage will renew and your employees will be automatically enrolled into the 2019 plan. You can use this renewal booklet to review other plan options and make changes that may better meet your needs. If you're not making any changes to your plan or employee coverage, there's nothing you need to do.

Important 2019 Information:

- **Premium change** — The 2019 premium estimate shown above is based on your group's current enrollment and may change depending on the number of employees and dependents who actually enroll.
- **New plan option** — Silver 70 HMO 1800/55 + Child Dental Alt
This new plan has a lower deductible than the Silver 70 HMO 2000/45 and includes the chiropractic and acupuncture benefit. See the Plan Highlights for more benefit information.
- Please visit kp.org/smallbusinessrenewals/ca for information on:
 - **Cost-sharing changes** — Use the various plan comparison charts to see cost-share differences from 2018 to 2019.
 - **Other plan options** — Refer to the Plan Highlights for benefit charts of all the Kaiser Permanente small business medical and dental plans available in 2019.
 - **Policy and qualification information** — See our Small Business Guidelines for updates.

Have questions?

Contact your broker or our Small Business Services Customer Connection Team at **800-790-4661, option 3**, for more information about your 2019 renewal.

Thank you for your continued business. We value your partnership and are committed to the health of your employees.

Sincerely,

Kirk Whelan

AGREEMENT FOR PROFESSIONAL SERVICES

This Agreement is entered into between the Gorman Joint School District ("District") and Heather's Behavior Support Services ("Contractor") and is dated, for reference, January 17, 2019.

The parties agree as follows:

1. **CONSULTANT SERVICES.** Contractor agrees to render services as assigned by the District Superintendent or designee consistent with and relating to

Positive Behavior Intervention & Support

2. **PAYMENT FOR SERVICES.** Contractor agrees to undertake the work Defined in paragraph 1 for payment at the rate of \$ 1,000.00.

All work shall be performed only as **pre-approved** by the Superintendent.

All payments will be based on invoices submitted to District by Contractor and approved by District's authorized representative.

Contractor will invoice District not more frequently than monthly for services performed and expenses incurred during the previous month. District will render payment to Contractor within 30 days of receipt of invoice.

3. **TERM OF AGREEMENT.** The term of this Agreement begins on 3/15/19 and ends 3/17/19. Extension or renewal required approval of District or its authorized representative. Compensation will not be increased without approval of the District or its authorized representative.

4. **TIME FOR PERFORMANCE.** All services required of the Contractor will be completed on or before the specified end of the term.

5. **RECORDS.** Contractor will maintain full and accurate records in connection with the Agreement and will make them available to District for inspection at any time. Contractor's work product produced under this Agreement shall be the property of District, including, but not limited to, reports to the Columbus Public Schools, or other reports that Contractor may be asked to generate. Contractor agrees to keep copies of records for a period of no less than two (2) years.

6. **STATUS OF CONTRACTOR.** District and Contractor agree that Contractor, in performing the services specified in this Agreement, shall act as an independent contractor and shall have control of all work assigned and the manner in which it is performed. Contractor shall be free to contract for similar service to be

performed for other employers while under contract with District. Contractor will not accept such engagements which interfere with performance under this Agreement. Contractor is not entitled to participate in any pension plan, insurance, bonus or similar benefits the District provides for its employees.

7. **HOLD HARMLESS.** Contractor shall defend, indemnify and hold District, its officers, agents and employees harmless from all suits, claims and liabilities resulting from the acts or omissions of Contractor, its officers, agents or employees relating to this Agreement.

8. **COMPLIANCE WITH LAWS.** Contractor shall comply with all applicable federal, state and local laws, rules, regulations and ordinances involving its employees, including workers' compensation and tax laws.

9. **SCOPE OF WORK.** The following outlines the Scope of Work for the Contractor during the term of this Agreement:

Positive Behavior Intervention & Supports training for teachers and related staff members as outlined in the attached proposal.

10. **MODIFICATION OR ASSIGNMENT.** This Agreement may not be assigned by either party without the express written consent of the other. MEMORANDUM

To: All Board Presidents and Superintendents — CSBA Member Boards – **SUBREGION 22**
From: Emma Turner, CSBA President
Re: 2019 Ballot for CSBA Delegate Assembly — **U.S. Postmark Deadline is Fri. March 15**

Enclosed is the ballot material for election to CSBA's Delegate Assembly from your region or subregion. It consists of: 1) the ballot (on red paper), the reverse side of which contains the names of ALL current members of the Delegate Assembly from your region or subregion; and 2) the required candidate biographical sketch form and, if submitted, a resume, which will be on the reverse side of the biographical sketch form. In addition, provided is a copy of the ballot on white paper to include with your board agenda. **Only the ballot on red paper is to be completed and returned. It must be postmarked by the U.S. Post Office on or before Friday, March 15, 2019. No exceptions.**

Your Board may vote for up to the number of vacancies in the region or subregion as indicated on the ballot. For example, if there are three vacancies, the Board may vote for up to three candidates. However, your Board may cast no more than one vote for any one candidate. (The ballot also contains a provision for write-in candidates; their name and district must be clearly printed in the space provided.)

The ballot must be signed by the Superintendent or Board Clerk and returned in the enclosed envelope; if the envelope is misplaced, you may use your district's stationery. Please write **DELEGATE ELECTION** prominently on the envelope along with the region or subregion number on the bottom left corner of the envelope (this number appears at the top of the ballot).

If there is a tie vote, a run-off election will be held. All re-elected and newly elected Delegates will serve two-year terms beginning April 1, 2019 – March 31, 2021. The next meeting of the Delegate Assembly takes place on Saturday, May 18 and Sunday, May 19 at the Hyatt Regency in Sacramento. The names of all Delegates will be available on CSBA's website no later than Monday, April 1. Please do not hesitate to contact CSBA's Executive Office at (800) 266-3382 should you have any questions.

Are you an incumbent Delegate? Yes No | If yes, year you became Delegate: _____

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly. (Character count limit: 700)

I am interested in becoming a delagate to learn more about the task of governance and to add my years of experience as an educator in the classroom to the Delagate Assembly. I am new to the School Board, but have many 28 years of experience in education and can see how the task of educating students and keeping them safe on campus has changed over the years. I also have experience as a public affairs officer and in conducting speaking engagements and professional developmentfor various groups. I have begun to attend out local Antelope Valley School Board Association meetings and I would be able to share information with other Board members there.

Please describe your activities and involvement on your local board, community, and/or CSBA. (Character count limit: 700)

I have been an appointed Board member for 8 months, and will be sworn in as an elected Board member at our first December meeting. I attend the board meetings, visit schools in the district, and attend the local Antelope Valley School Board Association meetings.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it? (Character count limit: 700)

I see the biggest challenge facing governing boards as maintaining transparency and open communication with faculty, staff, students, parents, and the community while still protecting the rights and privacy of individuals and maintaining the confidentiality that governance requires. I think the best way to address it is with legal and communication training for board members on how to deal with confidential matters and still have open communication with all stakeholders in order to build trust within the community.

 Are you an incumbent Delegate? Yes No | If yes, year you became Delegate: _____

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly. (Character count limit: 700)

I want to get more involved with CSBA and believe that serving as a Delegate will provide that opportunity. In my time on the Hart District Board, I have seen that one of the best ways we can advocate not only for the children in my district, but for all students in the state is through collaboration and coalition building. I believe CSBA provides the best platform to do that. In terms of my skills and experiences, I have served as an educator for nearly 30 years, including serving as classified staff, a teacher and an administrator. I currently work as an education researcher and technical assistance provider focusing on career training, adult education, and post-secondary education.

Please describe your activities and involvement on your local board, community, and/or CSBA. (Character count limit: 700)

I am currently the assistant clerk of the board. I also serve on the board policy committee, finance committee and the LACOE County Committee on School District Organization. I am also the immediate past president of the WiSH Education Foundation, President of the San Fernando Valley Alumnae Chapter of Delta Sigma Theta Sorority, Inc., Community Service Chair for the Santa Clarita/Antelope Valley Chapter of Jack and Jill of America, Inc., Auditor of the Golden Oak Community School PTA, a member of the Zonta Club of Santa Clarita and Chair of the Willamette University, Parent Leadership Council.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it? (Character count limit: 700)

One of the biggest challenges that governing boards face is ensuring the funding is at appropriate levels to ensure that all students have access and equity in the education provided. Your zip code should not determine your education. Another critical challenge facing governing boards is understanding our role in supporting student overall well-being. This includes a focus on emotional well-being and mental health. Social emotional learning is a part of learning. CSBA can help with both of these issues by educating the public and advocating with the state legislature to support and fund efforts to address these challenges.

Are you an incumbent Delegate? Yes No | If yes, year you became Delegate: _____

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I am interested in becoming a Delegate to have a seat at the table and extend the voice of my constituents in the AV area. I offer my ethos and 20+ years K-16 experience with expertise in: student safety, K-12 policy, student access and achievement, equity and diversity, impact of high school guidance on high school completion/college acceptance and completion, and student learning and development. My professional experience offers me the ability to identify and understand factors that enable or inhibit the success of historically underrepresented, misrepresented, and otherwise vulnerable populations in education. I am committed to serving our state, regional and constituency leadership and will uphold the corporate responsibilities on behalf of CCBE.

Please describe your activities and involvement on your local board, community, and/or CSBA.

I am a newly elected Board member, appointed as the Vice-President of the board, and the LA County Committee on School District Organization. Within my community and statewide, I provide individuals who are dealing with sensitive issues around coping—those individuals who want to survive their daily experiences. Specifically, we specialize in creating platform(s) (e.g., conferences, seminars, symposiums, workshops/ workshop series, mentorship, and 1-on-1 coaching experiences) to have courageous conversations about their unique circumstances or conditions that stifle their peace. I primarily work with organizations, colleges, universities, school districts, and community-based organizations. Through shared stories and transparent truth, it is my goal to mobilizing people to tackle entrenched personal issues, that impact their well-being, family and community to not only grow them in their humanism, but to not allow their conditions to be their conclusion.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

I believe the biggest challenge facing the governing Boards is getting the right people on the bus—interested constituents that ONLY see the need to student achievement as their primary goal.

Are you an incumbent Delegate? Yes No | If yes, year you became Delegate: 2008

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly.

I have served the Delegate Assembly and our region for 24 years, including 5 years service as a Trustee for the Sulphur Springs School District. My background in business, real estate, and now the education industry in the State of California provides me with a strong foundation from which I can contribute to the success of our and other districts in our region. Education, as it has been and will move toward in the future, is critical to the success of our children in this state and our nation. We have become an expanding global community with nearly unlimited opportunities to learn and develop ways to make our local areas and the world around us a better, safer, more productive environment. My technology background contributes to the incredibly fast growing technology developments to which our children must adapt, interpret, and engage. This will continue to expand in our classrooms and career technologies for years to come.

Please describe your activities and involvement on your local board, community, and/or CSBA.

Please refer to the attached resume which identifies many organizations and activities I have belonged to over 30 years.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it?

Funding is and likely will be an issue in California for years to come. My business background is a contributing resource as State funding opportunities present themselves to school districts across the State. Increasing mandates from State legislation place greater and greater demands on our teachers and staff that take away from basic learning skills. California has had and will continue to have challenging times ahead finding adequate numbers of teachers in all programs. CSBA, the Delegate Assembly, and the collaboration of school districts in our region can work together to be creative in plans for hiring for the future.

Are you an incumbent Delegate? Yes No | If yes, year you became Delegate: _____

Why are you interested in becoming a Delegate? Please describe the skills and experiences you would bring to the Delegate Assembly. (Character count limit: 700)

Becoming a delegate will give me the opportunity to bring information from region 22 to the assembly and report back on what has happened. I have been a very active member of California Teachers Association. As a CTA member I served as a state for at least twenty years. My experiences in CTA will give me a the very basics on how a Delegate Assembly works. I understand how important it is to know what is going on before the assembly starts.

Please describe your activities and involvement on your local board, community, and/or CSBA. (Character count limit: 700)

I am currently serving as Palmdale board president. I am treasurer for the Palmdale Education Foundation and a member of the Palmdale School District Events Committee. I attend the Hispanic Chamber, African American Chamber and Palmdale Chamber meeting on a regular basic to keep up with community events and information. I am an active member of Palmdale Kiwanis West, Delta Kappa Gamma and CTA/NEA retired. Last but not least I am the treasurer for Antelope Valley School Boards.

What do you see as the biggest challenge facing governing boards and how can CSBA help address it? (Character count limit: 700)

I feel Charter Schools and full and fair funding are the two biggest items facing governing boards. CSBA continued information /education so board members have the knowledge needed to address the issues. Continued support and information on legislation that supports current issues is extremely important.

Report

Required Report Number One for the Low-Performing Students Block Grant

Improvement and Accountability Division

The Low-Performing Students Block Grant (LPSBG), established in [California Education Code \(EC\) Title 2, Division 3, Part 24, Chapter 3.2, Section 41570](#), requires eligible local educational agencies (LEAs) receiving LPSBG funds to report to the State Superintendent of Public Instruction on the adopted plan to use the grant funds to increase the academic performance of the identified pupils. [EC Section 41570](#) also requires the California Department of Education (CDE) to compile and report this information to the appropriate policy and fiscal committees of the Legislature.

LEAs must report the required information using this web-based reporting tool on or before **March 1, 2019**. In order to submit this report, all questions must be answered.

The CDE will compile and submit the information received through this web-based reporting tool to the State Superintendent of Public Instruction and the appropriate policy and fiscal committees of the Legislature on behalf of all LPSBG-eligible LEAs.

The final apportionment of LPSBG funds to the LEA is contingent upon completing and submitting this report. **LEAs that do not submit this report will be required to return to the CDE all LPSBG funds that it may have received.**

For more information, please visit the [LPSBG web page](#).

This report includes two features: **Save Responses** and **Print Responses**.

Save Responses: This button, located on the bottom of each screen, allows you to save your place in the report and return to it later if you are unable to complete it in one session. When you select **Save Responses**, a new screen will appear and the system will provide two options to save and return to the saved application. Of the options, choosing to bookmark or favorite the resulting screen is the recommended method.

Print Responses: This button, located on the bottom of the last screen, allows you to print a copy of your responses for your records before you submit the report. **Once you print your responses, you must return to the original tab in your web browser to submit your report before you close your browser, or your responses may be lost. You will not be able to print a copy of the report after it has been submitted.**

For questions about the required LEA report or to report a technical problem with this web-based

reporting tool, contact the School Improvement and Support Office by phone at 916-319-0833 or by email at LPSBG@cde.ca.gov.

Local Educational Agency (LEA) Name

Note: If you are responding on behalf of more than one LEA, you must submit a separate report for each LEA. Additionally, there is only one submission allowed per LEA. If an LEA submits this report multiple times, only the most recent submission will be used. Ensure only authorized personnel complete the report.

Summarize how the funds will be used to increase or improve evidence-based services for pupils identified. (? of 1,050 maximum characters)

Areas identified and addressed in the Local Control and Accountability Plan are to increase the awareness and exposure of math and ELA subjects in various arenas for the students. This will allow students to participate in after school math tutoring, hands-on projects to allow the students to conceptualize and think through every day problems. Students will be encouraged to see how math and language arts intersects every day for them. Additional hours for instructional aides and after school tutoring will be made available during the week to allow the students that are in need to participate.. The funds will help increase after school tutoring in needed areas at least one day a week. Additionally, instructional aides will be able to have the needed time during the week to be able to assist students that are struggling and assist them to learning and using additional skills for understanding and developing some learning skills.

How will the effectiveness of the evidence-based services be measured? (? of 1,050 maximum characters)

The measurement tools used will be the CA Assessment of Student Performance and Progress reports as well as benchmark assessments.

How are services aligned with and described in the LEA's local control and accountability plan? (? of 1,050 maximum characters)

The services described here are aligned with and reported in our LCAP in Goal 5, Actions 2 and 3 - "For low income, English Language Learners and Foster Youth the district will extend the school day for students below grade level, develop a list of quality interventions that can be used across the district will provide early intervention for students below grade level." Low-income students in our community often do not have access to after-school programs due to their disadvantaged home environment and rural location, this increased service allows these students to have improved access to technology, academic support, and enrichment needed for the achievement

On what date was the LPSBG Plan discussed and adopted at a regularly scheduled meeting of the governing board of the school district, county board of education, or the governing body of the charter school? (MM/DD/YYYY)

**2018-2019 AMENDED CONTRACT FOR EMPLOYMENT
AS A CERTIFICATED EMPLOYEE**

THIS AMENDED AGREEMENT, made between the Gorman Elementary School District and Deborah G. Cabitac provides as follows:

RECITALS

1. Applicant represents that she possess the following California credentials and Certificates, duly registered with the County Superintendent of Schools:

<u>TYPE</u>	<u>EXPIRES</u>
Clear Multiple Subject	3/1/2019

2. Applicant further represents that she is not now under contract to any other school district or public or private school entity in the State of California, except as set forth by a memorandum attached to this Agreement, and applicant does not intend to enter into any such contractual obligation.
3. District by law is empowered to hire certificated persons and is desirous of filling a certificated position at this time.
4. District expressly relies on the above representations of the applicant in entering into this agreement.

THE PARTIES AGREE AS FOLLOWS:

A. Employment

District offers to Applicant, and Applicant accepts, employment in the certificated service of the District pursuant to the further terms of this Agreement.

B. Term of Employment

This Agreement is made effective August 1, 2018 and will continue until the occurrence of the earliest of the following events:

1. June 30, 2019
2. Resignation by Applicant: It is understood that the District Superintendent is empowered to receive and accept resignations and the District may set the effective date at any time during the fiscal year, with the understanding that a resignation is irrevocable after acceptance by the Superintendent;
3. Abandonment of position by Applicant;
4. Termination of employment due to layoff under Education Code Section 44955 (see Attachment #1)
5. Termination of probationary employment due to non-reelection under Education Code Section 44929.23 (see Attachment #1)
6. Retirement;
7. Dismissal pursuant to Education Code Section 44948.5 (see Attachment #1)
8. Failure to maintain a credential or certificate (as further provided in paragraph "C" below);
9. Failure to pass either CBEST or District-prescribed proficiency test (as further provided in paragraph "D" below).
10. Termination for any other reason authorized by law.

C. Maintenance of Credential(s):

Applicant warrants and represents that she will, with respect to each credential recited above and any other credential subsequently obtained by Applicant:

1. Immediately register each credential with all appropriate agencies including the County Superintendent of Schools.
2. Take and pass all examinations or continuing education courses which are now or may be required for renewal of each credential.
3. Refrain from any act or omission, which is intended to, or will result in suspension, revocation, or deregistration of any or all credentials.

Applicant acknowledges that his/her continuing employment with the District is expressly subject to maintenance of each credential. Failure to maintain each credential may be treated by the District, at its sole option, as a material breach of this contract and as grounds for dismissal for unprofessional conduct and insubordination.

A decision by the District not to pursue its remedies under this section "Maintenance of Credential(s)" shall not be deemed to be a waiver of District's rights with respect to a later incident of failure to maintain a credential.

D. Failure to pass CBEST or District-prescribed proficiency test:

The parties expressly agree that Applicant must take and pass both CBEST and any District-prescribed proficiency test. No employment under this Agreement may continue beyond the date of notification that Applicant either (1) failed such a test or (2) failed to appear for that test. In the event of either type of failure, this Agreement shall automatically terminate and Applicant will no longer be employed by the District.

E. Compensation:

Applicant will be compensated for services in accordance with applicable policies. Initial placement and compensation for the 2018-19 school year as determined by the Board Approved Teacher Salary Schedule approved July 17, 2018. Applicant will be rated in on Step 8, Column BA+30 at \$46,103 annual salary.

District shall be entitled to recover for any erroneous excess of payment, regardless of cause. Excess payments discovered within a fiscal year may be recovered, in whole or in part, by adjustment of further payments during or on account of that fiscal year.

F. Final Approval of Contract:

Upon execution by Employee, this Contract constitutes an irrevocable acceptance of employment but confers no equitable or legal rights until and unless the Contract is approved by the District Board at a lawfully conducted public meeting or by a designee of the Board who has been delegated by the Board the authority to approve such contracts.

G. Adherence to Laws and Regulations:

This Amended Agreement constitutes an offer of employment only and confers no legal or equitable rights until and unless it is approved by the District at a lawfully conducted public meeting.

Applicant agrees that she will faithfully adhere to all laws of the State of California and the United States, the regulations of the State Board of Education, the regulations, policies, and directives of the District and all lawful directives of Applicant's superiors.

Executed at Gorman, California, this 12th day of March 12, 2019.
